

Happy Holidays!
From all of us to all of you!!!

November was the best month yet for enrollments, 8 of our 17 activated sites enrolled a total of 13 patients. We are getting closer to our 1 patient/site/month. Thank you to each of you who continue to enroll patients and push this study forward!

As more sites are activated and more patients enrolled, we continue to receive questions about eligibility. A few reminders:

- Probability of Grafting: If you are challenged by delayed decisions to graft or not to graft, within the screening window (first 72 hours after admission) ask the burn surgeon to quantify the probability of grafting:
 - High
 - Moderate
 - Low

If there is a high or moderate possibility the patient will be grafted, proceed with enrolling the patient.

- High creatinine at time of screening: Do not exclude patients for high creatinine before the 72 hour screening window has closed. Check the patient's creatinine level throughout the 72 hour screening period and enroll the patient if her/his creatinine level falls below the threshold for exclusion.
- High Voltage Electrical Injury vs. Flash Burn from electrical arc: Do not exclude patients who have a flash burn from an electrical arc. The intent is to exclude patients with a through and through electrical injury evidenced by entry and exit wounds, typically sustaining the worst of the burn injury internally.
- Co-Enrollment in RE-ENERGIZE and PROPANOLOL is pre-approved!!!

If you have ANY Questions about whether or not a patient is eligible, please contact CERU before excluding the patient.

ENROLLMENTS AS OF NOVEMBER 30TH 2016:

November enrollments: 13

October enrollments: 8

Monthly GOAL: 1 Patient/Site/Month

Total patients enrolled in the study: 269

Patients needed to reach our goal: 2,431

PHARMACY Notes

from the Central Pharmacy Manager

The ReENERGIZE Central Pharmacy Depot would like to extend our warm welcome to pharmacists and pharmacy technicians across our network.

Central Pharmacy Depot Shipment Days: Monday, Tuesday, and Wednesdays

Availability by email (24/7): securedata@epipharm.com

Telephone/Messages: 613.549.6666 e.3339

HOLIDAY SHIPMENTS: Please order early for the period December 26, 2016 to January 03, 2017. Our last shipment date before the holidays is Wednesday December 21st. We will be processing orders again on Tuesday January 3rd 2017

IMPORTANT NOTE: Urgent reorders and shipments required in less than 5 days can not always be guaranteed due to customs / shipment delays. Over the past 14 days, 4 of our last 7 shipments were requested urgently or ASAP. Please remember to plan 10 days ahead and reorder early where possible

NEW: Please note that Remote Pharmacy Quality Audits of RE-ENERGIZE sites has commenced. We will contact you in advance of these audits to explain the process and answer any questions.

REMINDER: If your pharmacy staff are involved in RE-ENERGIZE, they need to be trained and added to the delegation as well as the training logs.

HAPPY HOLIDAYS
